

PRICE LIST 2010

Blackdown Press Office Supplies Limited are bespoke printers offering a personal service whatever your requirement may be.

Since 1976 when the company was founded Blackdown Press has built the business up based on, service, quality and competitive prices.

As stated we are 'bespoke' printers and very proud of the fact, not of course to be confused with 'batch' online printers who are linked with a main manufacturing unit somewhere in the UK. Blackdown Press offer a complete service from design to the finished product.

Some of our processes include; personal stationery, wedding stationery, Christmas Cards, funeral service sheets, invitations, blind embossing, hot foil die stamping, plastic card printing, envelope printing, die cutting, kiss cutting, in line numbering, perforating and scoring, Digital printing together with conventional lithographic printing.

Blackdown Press can print special PMS and metallic spot colours and are not restricted to just four colour process.

We operate under our own quality manual to ensure that your order is processed efficiently and hassle free.
